

HOUSE DEMOCRATIC BY ABOUT SIXTY

One or Two Still Doubtful
Districts May Add to
Figures.

NINTH VIRGINIA FIGHT UNSETTLED

Question Yet As to Whether Slemph,
Republican, or Stuart, Is
Elected.

Practically complete returns from every Congressional district in the country indicate that the Democratic majority in the sixty-second Congress will be fifty-nine. There may be a change of one or two seats either way, but it is believed on the present showing made by the Democrats their lead over the Republicans will hover close to sixty.

There is still considerable doubt as to the outcome in the Ninth Virginia district. Representative Slemph, the Republican incumbent, still claims that he was re-elected by the narrow margin of 100, but this claim is not conceded by Henry C. Stuart, the Democratic candidate. Charges of irregularities in the vote in Smyth and Pulaski counties are being made, and the grand jury is expected to investigate the Smyth county vote.

As the matter stands today the probable member from the Ninth Virginia is in as much doubt as at any time since the polls closed.

Tie in New York District.

In New York State the unofficial count in the Thirty-sixth district indicates a tie vote between Representative Alexander, chairman of the House Committee on Rivers and Harbors, and Charles B. Smith, the Democratic candidate. If the official count also shows a tie the election will be thrown into the House of Representatives for decision, and it is not unlikely that a Democratic House will seat the Democratic claimant for the office.

Another district about which there seems to be some doubt is the Third of Arkansas. The Republicans claim that R. S. Granger has defeated John C. Floyd, the Democratic candidate, and it is probable that an official count will be necessary to determine the victor.

Norris Makes Big Gain.

In the elections returns which have reached Washington none is more remarkable than the vote cast in the Fifth Nebraska district, where Representative George N. Norris, one of the most prominent insurgents in the House, was a candidate for re-election. Ever since he has been in political life Norris has been escaping defeat by the narrowest of margins. In the Congressional election of two years ago, for instance, his lead over his Democratic opponent was but twenty-two. It was expected that in his contest this year Norris would again live up to his reputation as a close finisher, but the opposite proved to be the case. Evidently the active part taken by Norris in the insurgent fight in the House two years ago was to the liking of his district for he was returned to Congress by a majority of nearly 3,000, which is about \$500 and more majority than he ever received at any election in the past.

Sims' Vote Decisive.

Another candidate whose election was of especial interest in Washington was Representative W. T. Sims of Tennessee, who has devoted a considerable portion of his service in Congress to the District of Columbia. The normal Democratic majority in Judge Sims' district is about 100, but in the election last Tuesday he was elected by a majority of 2,000. He carried five Democratic counties ahead of his ticket and captured two of the five Republican counties, and in doing so ran far ahead of the Republican State ticket.

Judge Sims was one of the most active members of the House District Committee until he was transferred, at the beginning of the last session, to the Committee on Interstate and Foreign Commerce. In the event that the power of appointing committees rests with the Democratic Speaker in the next House, Mr. Sims will be one of the most popular candidates for the chairmanship of the House District Committee.

SIXTY PER CENT GAIN IN SOCIALIST VOTE

Election Figures Show Increase Has Been Greatest
In Lower Middle West.

Not the least surprising element of the election was the remarkable increase in the Socialist vote.

The Socialists made great gains in practically every section of the country, especially in the lower middle West, and it is estimated that the Socialist vote is 60 per cent stronger than in the Presidential election of 1908. The approximate unofficial Socialist vote cast last Tuesday in the various States, compared with the vote of two years ago, was as follows:

State	1908	1910
California	25,144	60,000
Connecticut	5,133	12,000
Illinois	24,711	22,000
Indiana	13,476	20,000
Kansas	11,529	20,000
Kentucky	4,027	10,000
Michigan	14,627	10,000
Minnesota	16,000	15,000
Nevada	1,200	2,000
New York	22,504	50,000
Ohio	23,759	50,000
Oklahoma	21,089	30,000
South Dakota	2,846	5,000
Tennessee	1,873	5,000
Utah	4,327	7,000
Washington	4,706	4,000
Wisconsin	28,141	60,000
Totals	286,200	551,257

The showing made in the New York contest by Charles Edward Russell, the candidate for governor on the Socialist ticket, is believed to have been sufficient to place his party in third place in the Empire State, displacing the Independence League. Russell received about 85,000 votes, considerably more than was received by the league's candidate for governor or by William Randolph Hearst, the founder of the league.

LODGE OPENS FIGHT FOR SEAT IN SENATE

Senator Sends Lieutenants
Into Field to Get Pledges
of Support.

BOSTON, Nov. 11.—The fight to return Henry Cabot Lodge to the United States Senate began in earnest today with Lodge smilingly confident that he will win.

The Senator opened new headquarters here today and summoned his lieutenants to begin obtaining pledges from newly elected legislators.

Lodge was encouraged by the declaration of former Gov. Curtis Guild, Jr., that he would not accept the Senatorship. Guild endorsed Lodge, Governor-elect Ross announced he will not interfere in the Senatorial situation, and Senator Murray Crane broke his habitual silence long enough to endorse his colleague.

Lodge adherents today claim a majority of twenty-seven for Lodge, while Democrats declare they will beat Lodge by nine or ten votes.

NOT A VOTE IS CAST IN VIRGINIA PRECINCT

RICHMOND, Va., Nov. 11.—Politicians are today discussing the fact that in one precinct in Virginia not a single vote was cast on election day.

This occurred in Pace's precinct, Halifax county. The election officials did not appear and the fifteen to twenty voters made no protest or effort to cast their ballots.

THIRD DEGREE PROBE NOW TO BE RESUMED

Senator Brandegee of Connecticut Expected Today
to Arrange Inquiry.

The investigation of the practices of police officers in giving prisoners the "third degree," which was suspended on account of the campaign and election, will be resumed and Senator Brandegee of Connecticut, chairman of the special Senate Committee, was expected here today to arrange for the inquiry.

Several efforts were made during the latter part of the summer to get a meeting of the investigating committee, but these failed. The members would not abandon their campaign work. As a result the chairman decided to leave off the investigation until after the election.

It is the present plan of the investigators to carry their inquiry into many of the Eastern cities, particularly New York, Atlantic City, and Boston. It is also planned to hold one meeting in Chicago, and one or two sessions in Washington.

Should the committee and conditions as bad as claimed, legislation by Congress against the third degree is possible only as it affects the United States courts, the Territories, and the District of Columbia.

It is believed by advocates of reform in police methods, however, that the influence of any Federal legislation for the protection of prisoners against abusive practices, would be widely felt in the States and municipalities.

MONEY EXPERTS CONTINUE SESSION

Chairman Aldrich May Announce
Plans Favored By Commission
At Dinner Tonight.

NEW YORK, Nov. 11.—Meetings of the National Monetary Commission are continuing today, and may be prolonged into next week.

Senator Aldrich, its chairman, is expected to announce at a dinner given by the Academy of Political Science tonight some of the plans.

It is believed they will comprise legislation on the currency system and a central bank. Foreign financiers think central bank legislation assured because of the Democratic victory.

WOMAN'S DEATH HIDES IDENTITY

Reno Coroner Fails to Learn
Whether "Mrs. Snyder" Is Wife
of Broker Flower.

RENO, Nev., Nov. 11.—Sudden death from rheumatism of the heart has again given impetus to the rumor that the victim, who lived here under the name of Mrs. Snyder, was Mrs. Frances Flower, wife of a wealthy New York stock broker.

Mrs. Snyder's name was connected with a shooting about two months ago, and when the coroner investigated her death he made sure there was no bullet wound.

The body will be sent to New York.

YOUR SOUR, GASSY, UPSET STOMACH WILL FEEL FINE IN FIVE MINUTES

Indigestion and all other Stomach distress goes after taking a little Diapiesin.

You can eat anything your stomach craves without fear of Indigestion or Dyspepsia, or that your food will ferment or sour on your stomach if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison, or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bilioousness, Heartburn, Water brash, Pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from Indigestion or any stomach disorder, you can get relief within five minutes.

Come in tomorrow—Saturday. Saturday is a good day to select a piano. We have more salesmen on the floors on Saturday than on any other day.

There will also be a full line of styles—and each style can be had in both mahogany and oak—Saturday.

Let us remind you of one thing:

In all likelihood you will not soon again have another opportunity like this: Not where all the conditions of sale are so favorable to you.

This is a many-sided opportunity.

An opportunity where you save in the initial price; where the terms are lower than regular by about one-half; where there is no further interest to pay (which usually amounts to from 30 to 40 dollars). Where you get a money back privilege and a year's exchange privilege; where you get an extraordinary guarantee for a piano of its class—(exactly like a Knabe guarantee)—and finally, where you get an agreement to cancel your payments in event of your death.

We ask a plain question:

Honestly now, do you think, if we were to ask a thousand dollars for a piano, we could make a proposition that would be more "fair and square"—one that could be more liberal in all its conditions or that would be safer to enter into?

We leave it with you. We believe your own good sense will tell you that we could not.

Come in tomorrow. Don't risk another day.
